13 **Resolution #2007-12 - Designation of “Special Town Employees”** - This resolution deals with  
14 Professional Consultants (architects, engineers, etc) who are under contract to the Town for reviewing  
15 plans and specifications for the various Town Departments and who wish to represent private contractors  
16 coming before these boards and commissions. Attorney Michael Ciota notified the Council that even with  
17 the special employee designation, consultants still cannot represent both the Town and the developer on the  
18 same issue. Attorney Ciota and Attorney Ksieniewicz were present to answer questions from the Council  
19 on this issue. There are several stipulations that must be met by the Consultants in order for them to take  
20 advantage of the “Special Municipal Employee Status”. After discussion on this matter the Council moved  
21 and seconded that all consultants engaged under contract with the Planning Board, Zoning Board of  
22 Appeals, Board of Health, Conservation Commission and the various municipal departments to review  
23 matters pending before these bodies be, and are hereby designated as, special municipal employees within  
24 the meaning MGL C268A, Section 1. Vote was 6-0 in favor
